I HAVE THE ABILITY TO MAKE YOUR ASPIRATIONS FOR GOING GLOBAL A REALITY

MY QUALIFICATIONS & EXPERIENCE

As an Industrial Engineer/Technologist and by virtue of being the CEO for almost two decades of my SIXTY years old family business that had worldwide presence, I have had a tremendous amount of International Business Development and Trade involvement, gaining in-depth knowledge of the world markets through continuous and extensive travel and research.

This combination has served me well in understanding manufacturing processes, world markets and the business aspects of multiple industries, products & services.

In addition, I have gained Management Consulting, Entrepreneurship & Business Development experience in the United States of America during the last 15 years in sectors such as Pharmaceuticals, Plastics, Textile, Home Furnishings, and more. These involved Manufacturing as well.

EDUCATION & BACKGROUND

Bachelor of Science in Industrial Engineering/Technology from The University of Wisconsin, U.S.A.

Also attended Concord College, in England, for Physics, Mathematics, and Economics, and carries diplomas in 'Project Management', Systems Analysis & E-Commerce.
